

# VET in Schools Program

## Aged Care

CHC30208 Certificate III – Aged Care delivered by  
Mercy Health Training Institute

### What Will I Learn?

**Gain the skills required to support and care for older people. Among other things, you'll learn how to;**

- provide personal care
  - provide support to an older person in the activities of daily living
  - support the older person to meet emotional and psychological needs
  - provide care support for individuals with dementia
  - work effectively with culturally diverse clients and colleagues
- assist individuals with self medication**

### Where can it take me?

**A student may chose to pursue a career in this field which could lead to work in an aged care facility. The course provides an excellent pathway to further study in particularly for students who may wish to undertaking a TAFE or University Degree in Nursing.**
