

VET in Schools Program

So if you are in Secondary School and you want to work as a;

Childcare worker,

Kindergarten Teacher or

Early Childhood Teacher.

The Early Childhood Education and the Childcare industry has begun a series of significant changes that will impact over the next few years. Get started and see the possibilities unfold with our training program.

You will study how to;

- ⇒ Provide care for children
- ⇒ Ensure the health and safety of children
- ⇒ Support the development of children

Where can it take me?

A student may chose to pursue a career in this field which could lead to employment in a Childcare Centre or even Nanny work overseas.

Further training at TAFE or University is available in this field.
